## TARGOVISTE, CASA ROMANTEI, 30 June 2018

On Saturday, the 30<sup>th</sup> of June 2018, the 3rd Intermediate Congress of EFUCA moved to Targoviste, in the House of Romance, a unique museal space in Romania, under the patronage of EFUCA and dedicated to the safeguarding of Romance - the musical genre of the national culture of Romania and to the promotion of the National Festival of Romance "The Golden Chrysanthemum" - this year reaching its 51st edition.

This session was opened by Alina Mavrodin Vasiliu who thanked the attendees (about 60 people from 11 countries) for attending this event and presented a small history of the Romanta musical genre, similar the Chansonette in France, the Canzonetta in Italy, the Lied in Germany and the Fado in Portugal.

Local and county authorities were also present at the event:

- **Mr. Ivan Vasile Ivanoff, Ph.d** – *Secretary of the County of Dâmbovița,*
- **Prof. Constantin Pehoiu, Ph.d** – *Senate President, Wallachia University, Târgoviște,*
- **pc. pr. Marian Robert Puiescu,** who presented The High Most Holy Father Metropolitan Nifon, Ph.d, Archbishop of Târgoviște's support message.

Teodor Vasiliu and Andrei Vasiliu introduced the House of Romance - Cultural Centre for UNESCO "Citadel of Romance", Targoviste, an unique museum of this Romanian song of the soul, dedicated to the unforgettable voices of popular and classical romances, golden voices of romance on the classical, light and popular music scenes, to the over 150 Romanian composers, to the great conductors and to the Golden Chrysanthemum laureates.

Following the introduction of the House of Romance, Alina Mavrodin Vasiliu gave a brilliant, exciting recital of romances, of chansonettes and fados which was rewarded with applause by the public.

Iris CONSTANTIN – *Expert, Communication and Information Subcommission CNR UNESCO,* presented the "Your Country, Your Tradition" Project during the 3rd Intermediary Congress, a project that aims to promote among the pupils, teachers and parents the 15 Cultural Objectives of Romania that are part of the UNESCO World Heritage, project in which up to 4,000 pupils from grades V-VIII have participated so far.

# TARGOVISTE, CASA ROMANTEI, 30 June 2018

At the initiative of Daniela Popescu – President EFUCA, the approximately 60 participants from 11 countries at the 3rd Intermediate Congress of EFUCA initiated and signed an Appeal to the competent forums in Romania for introducing Romance music genre into the UNESCO Representative List of the Intangible Cultural Heritage of Humanity.

### CALL

#### for the inscription of the Romance music genre in the UNESCO Representative List of the Intangible Cultural Heritage of Humanity

We, the participants of the 3rd Intermediate Congress of the European Federation of Associations, Clubs and Centers for UNESCO, entitled "The European Cultural Heritage - an Invitation to Dialogue and Collaboration" and of the 10th edition of the International Conference "Youth and Museums", held in Romania between June 28th and July 1st, 2018, make and support this appeal today, on June 30th, 2018, to the Romanian forums that have attributions to safeguard the intangible cultural heritage and who can decide on the inscription of Romance music genre into the UNESCO Representative List of the Intangible Cultural Heritage of Humanity.

We support the present Call initiated by the „Citadel of Romance” Cultural Center for UNESCO in Târgoviște, the City Hall and Local Council of Târgoviște, the „Tony Bulandra” Theatre and the National Commission of Romania for UNESCO, also promoting the fact that Romance is a musical genre included in the "National Repertoire of Intangible Cultural Heritage". At the same time, it is historically documented that Romance is a musical genre that offers the identity to the Romanian musical creation, as do other genres of musical heritage, related to Romance, for other European countries such as: The Chansonette in France, The Canzonetta in Italy, The Lied in Germany and The Fado in Portugal. It is encouraging for us that Fado has recently been included in the UNESCO Representative List of the Intangible Cultural Heritage of Humanity, one of the key arguments being the existence of the Museum of Fado in Lisbon. We appreciate that the establishment of the „House of Romance” last year in Târgoviște - as a unique museum space dedicated to Romance music, under the patronage of the European Federation of Associations, Clubs and Centers for UNESCO - is a very important argument in support of this appeal.

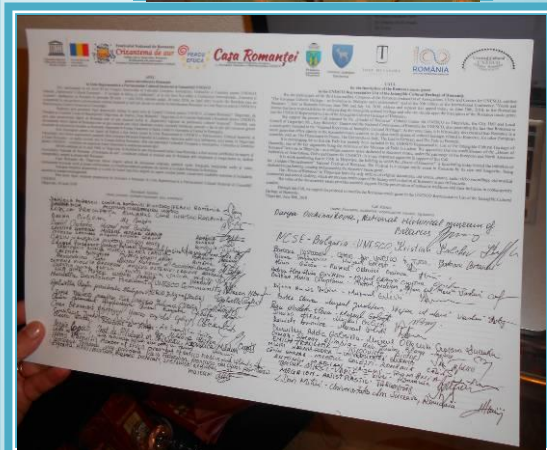

It is worth mentioning that in 1968, in Târgoviște, the building in which the „House of Romance” is functioning today hosted the initiation of the „Golden Chrysanthemum” National Festival of Romance. The Festival is a unique cultural and musical event in Romania by its size and longevity, being dedicated to performing, creating and promoting the Romance music genre.

The „House of Romance” in Târgoviște hosts the only archive of original documents, old scores, photos, audio-video recordings, old musical instruments and concert clothing, which are precious testimonies of the history and evolution of Romance music in Romania.

The value of the documentary assets provides essential support for the preservation of authentic traditions and their inclusion in contemporary creation.

Through this Appeal, we support the proposal to inscribe the Romance music genre in the UNESCO Representative List of the Intangible Cultural Heritage of Humanity.
