## What is **Urban Talks**?

At Urban Talks, we bring smart and sustainable solutions for cities. Dozens of people involved, hundreds of participants and thousands of readers.

**We educate. We connect. We inspire.**

Urban Talks were created by UrbanizeHub out of a simple need of connecting innovators, leaders, changemakers and companies who share the same values and dream of a better world. Through their Urban Talks, they inspire us to get involved in projects that shape the future of our cities

Last 5 editions of Urban Talks were organized in a innovative partnership with World Bank Romania, and with the support of Sweden and Dutch Embassy. The events were supported by Presidential Administration.
